

You can

- connect your phone to Bluetooth stereo headphones or other devices

1. Place the device you want to connect to in discoverable mode. On headphones and headsets, press and hold the Power/Call button for about 5 seconds until the indicator light turns on and remains steadily lit
2. On your phone, press **Settings** > **Connections** > **Bluetooth** > **All device search**.
3. Scroll to a device in the list and press . When prompted, enter the passcode (usually 0000), press **Confirm**, and then press **OK**.

Bluetooth indicators on the flip and inside show when you are connected!

Note: To disconnect your phone from a Bluetooth device, scroll to the device name and press or simply turn off your phone.

4. Reconnect your phone to a Bluetooth device you have used before!

On your phone, press **Settings** > **Connections** > **Bluetooth**.
Scroll to the device name and press .

Tip: Place Bluetooth on the home screen for a shortcut.
